Ganpati Utsav 2025 Nashik Bandobast Plan (AI Mapped)

SECTION 1 – INTRODUCTION & OVERVIEW

1.1 Objective

- To ensure the peaceful, safe, and smooth conduct of Ganpati Utsav 2025 from 25 Aug to 8 Sep in Nashik City.

- Primary goals: Public safety, crowd control, traffic regulation, prevention of crimes, effective emergency response, and welfare of deployed forces.

1.2 Key Dates

Date	Event	Remarks
25–26 Aug	Early Agman processions	Medium crowd
27 Aug	Ganesh Chaturthi (Main Agman Day)	Very high crowd; citywide processions
28 Aug–4 Sep	Daily darshan, cultural events	Variable crowd
5 Sep	Eid overlap	High security requirement
6 Sep	Pre-Visarjan	Increased deployments
7–8 Sep	Main & residual Visarjan	Max deployment; immersion till 3 AM on 8 Sep

1.3 Administrative Structure

- CP → Zones (2) → Divisions (4) → Police Stations (13) → Chowkis → Micro-zones.

- Each PS has its own command officer and control point.

1.4 Coordinating Agencies

- NMC, RTO, PWD, MSEB, Fire Department, Health Department, Disaster Management Cell, SRPF, RAF, NGOs.

SECTION 2 – STRATEGIC PRIORITIES

2.1 Safety & Security

- Tiered vigilance system for High/Medium/Low risk zones.

- Anti-sabotage checks at major mandals.

- Zero tolerance for communal disturbances.

2.2 Crowd Management

- Multi-tier barricading, queue control.

- Micro-zone policing in narrow lanes.

- Volunteer training with mandals.

2.3 Traffic Control

- Diversion plans, one-way enforcement, and emergency corridors.

- Use of drones for traffic monitoring.

2.4 Force Welfare

- PS-wise meal stations.

- Rotational deployment.

- Medical aid for on-duty personnel.

SECTION 3 – ZONES, DIVISIONS & POLICE STATIONS

3.1 Zone I – Div A & B

- **PS:** Bhadrakali, Panchavati, Mhasrul, Satpur, Ambad.

- Linked Ghats: Godaghat, Eknath, Gangapur.

3.2 Zone II – Div C & D

- **PS:** Nashik Road, Upnagar, Adgaon, Indiranagar, CIDCO, MIDC, Gangapur, Satpur Colony.

- Linked Ghats: Nasardi, Gangapur, Godaghat.

3.3 Division Responsibilities

- Daily coordination with ACPs.

- Traffic & crowd control at choke points.

SECTION 4 – FULL MANDAL PROFILES

For **all 35 valuable mandals**:

Sr	Mandal Name & Address	PS Jurisdiction	Crowd Category	In-Route	Out-Route	Primary Ghat	Backup Ghat	Remarks
1	Shree Navshya Ganpati Mandal, Gangapur Road	Gangapur PS	High	Gangapur Rd → College Rd → Canada Corner → Godaghat	Same in reverse	Godaghat	Gangapur Ghat	VIP footfall, media
…	(Continue list for all 35 mandals)							

SECTION 5 – RISK ASSESSMENT

5.1 Risk Tier Classification

- **Tier 1:** High crowd + sensitive history + VIP visits.

- **Tier 2:** Medium crowd or traffic-sensitive areas.

- **Tier 3:** Low crowd, no major incidents historically.

5.2 Historical Data

- Crime trends from 2015–2024 (provided in Nashik Ganpati Data Analysis).

- Past incidents: thefts, stampedes, fire hazards.

5.3 Crowd Projection Charts

- Graphs of expected peak hours for Agman & Visarjan days.

SECTION 6 – POLICE DEPLOYMENT PLANS

6.1 Day-Wise & Shift-Wise Allocation

- **25–27 Aug:** Peak manpower for Agman.

- **28 Aug–4 Sep:** Normal patrol + hotspot coverage.

- **5 Sep:** Eid + festival overlap; joint forces.

- **6 Sep:** Pre-Visarjan staging.

- **7–8 Sep:** Full city deployment.

6.2 Force Type Distribution

Force Type	Count	Role
Officers	XXX	Command
Constables	XXXX	Crowd & traffic
Home Guards	XXX	Support
SRPF/RAF	XX	Quick response

6.3 Reserve Teams

- Standby at control points for sudden crowd surges.

SECTION 7 – ROUTE & TRAFFIC MANAGEMENT

- **In-Route & Out-Route Mapping** for all 35 mandals.

- **Sensitive Junctions:** Shalimar, Dwarka, CBS, Panchavati Karanja.

- **Diversions:** Pre-approved by RTO.

- **Alternate Routes:** For emergency bypass.

SECTION 8 – IMMERSION GHAT MANAGEMENT

- **Godaghat:** Largest capacity; triple-lane queue.

- **Gangapur Ghat:** Western belt coverage.

- **Eknath Ghat:** Religious hub, narrow lanes.

- **Nasardi Ghat:** Eastern coverage.

Safety Measures:

- Swimmer teams, boats, life jackets.

- Fire safety units at each ghat.

- NMC cleaning teams post-immersion.

SECTION 9 – COMMUNICATION & COMMAND

- **Control Room Hierarchy:** CP → DCP → ACP → PI → Field Unit.

- **Radio Channels:** PS-specific & zone-wide frequencies.

- **Reporting Protocols:** 30-min updates to central control.

SECTION 10 – INCIDENT RESPONSE PLAN

- **Medical:** Ambulances at ghats & main junctions.

- **Law & Order:** Rapid deployment teams.

- **Fire Safety:** Fire tenders pre-positioned.

- **Flood/Emergency:** Evacuation routes mapped.

SECTION 11 – MICRO-ZONE PLANNING

- Each PS divided into micro-zones with mandal allocations.

- PS-level table with micro-zone officer in charge.

SECTION 12 – DATA VISUALISATION PAGES

- **Zone maps** with mandal locations.

- **Route maps** for in-route/out-route.

- **Risk heatmaps**.

- **Deployment graphs**.

SECTION 1 – INTRODUCTION & OVERVIEW

1.1 Objective

The Ganpati Utsav 2025 Bandobast Plan for Nashik City has been prepared to ensure the safe, peaceful, and smooth conduct of the festival from **25 August 2025 to 8 September 2025**.
The key operational goals are:

- **Public Safety:** Minimize risks to life and property through proactive crowd control and preventive policing.

- **Smooth Traffic Flow:** Manage vehicular and pedestrian movement along all major procession and immersion routes.

- **Crime Prevention:** Deploy uniformed and plainclothes officers in sensitive locations, focusing on theft, pickpocketing, and disorder prevention.

- **Emergency Readiness:** Prepare for medical, fire, flood, and law-and-order incidents with Quick Response Teams (QRTs) and disaster management units.

- **Force Welfare:** Provide meal, rest, and rotation facilities for deployed personnel to maintain alertness and morale.

1.2 Key Dates & Festival Flow

Date	Event / Phase	Operational Focus
25–26 Aug	Early Agman processions	Medium crowd, localized deployments
27 Aug	Ganesh Chaturthi – Peak Agman Day	Very high crowd, full-scale deployment citywide
28 Aug–4 Sep	Daily darshan & cultural events	Variable crowd, hotspot monitoring
5 Sep	Eid-e-Milad overlap	High alert, special joint deployment
6 Sep	Pre-Visarjan processions	Increased deployments, route rehearsals
7 Sep	Main Visarjan	Full-force deployment at ghats & routes
8 Sep	Residual Visarjan	Clearance operations, final dispersals

1.3 Administrative Structure

The Nashik City Police Commissionerate will function under the following structure during Ganpati Utsav 2025:

- **Commissioner of Police (CP)** – Strategic command, decision-making, overall coordination with civic bodies.

- **Joint Commissioner of Police (Jt. CP)** – Operational oversight of both zones.

- **Deputy Commissioners of Police (DCPs)** – Zone-level control (Zone I & Zone II).

- **Assistant Commissioners of Police (ACPs)** – Division-level supervision (4 Divisions total).

- **Police Inspectors (PIs)** – Police Station control, chowki deployment, micro-zone operations.

- **Sub-Inspectors & Constables** – Field deployment, crowd & traffic management.

- **Home Guards / SRPF / RAF Units** – Support manpower for peak days and emergencies.

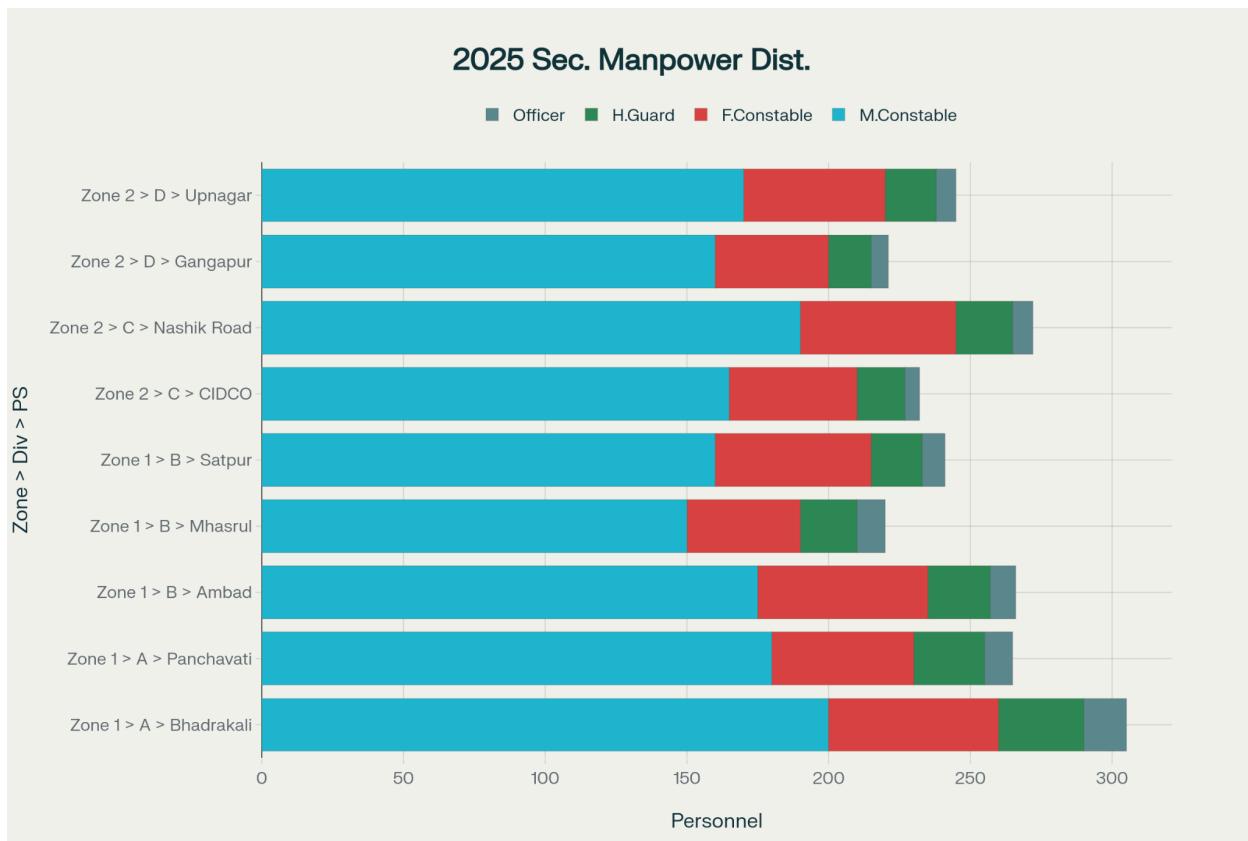

1.4 Coordinating Agencies

This Bandobast Plan integrates multiple stakeholders for comprehensive coverage:

- **Nashik Municipal Corporation (NMC)** – Lighting, barricading, sanitation, waste management at mandals and ghats.

- **Regional Transport Office (RTO)** – Traffic diversions, vehicle entry control, permits.

- **Maharashtra State Electricity Board (MSEB)** – Continuous power supply at key sites.

- **Fire Department** – Fire safety checks, deployment of fire tenders at ghats.

- **Health Department** – Ambulances, first aid centers, mobile medical units.

- **Disaster Management Cell** – Flood safety and evacuation planning for river ghats.

- **NGOs & Volunteer Groups** – Queue management, public announcements, and first response assistance.

1.5 Festival Footprint

- **Zones Covered:** Zone I (Divisions A & B), Zone II (Divisions C & D).

- **Police Stations:** 13 across Nashik City.

- **Major Immersion Ghats:** Godaghat, Gangapur Ghat, Eknath Ghat, Nasardi Ghat.

- **Procession Routes:** More than 120 identified, with 35 "Valuable Mandals" prioritized for high-security deployment.

- **Crowd Hotspots:** Dwarka Circle, Shalimar, Panchavati Karanja, CBS, College Road, Main Road stretch.

2025 Sec. Manpower Dist.

SECTION 2 – STRATEGIC PRIORITIES

2.1 Safety & Security
Ensuring the safety of devotees, mandal members, visitors, and police personnel is the **primary mission**.
Key security measures:

- **Preventive Deployment:** Uniformed and plainclothes personnel stationed in high-footfall areas, sensitive junctions, and historical trouble spots.

- **Zero-Tolerance Policy:** For eve-teasing, pickpocketing, chain-snatching, and other petty crimes.

- **VIP Movement Protocol:** Secure escort and route sanitization for VIPs visiting major mandals such as *Shree Navshya Ganpati Mandal* and *Shree Sarvajanik Ganesh Mandal, Dwarka Circle*.

- **Communal Harmony Monitoring:** Continuous surveillance in mixed-population areas due to the **Eid-e-Milad overlap** on 5 September 2025.

- **Women & Child Safety:** Dedicated *Nirbhaya Squad* patrols near ghats and mandal queues.

2.2 Crowd Management
The festival draws **lakhs of devotees daily**, with concentrated surges on key dates.
Crowd control measures include:

- **Multi-Layer Barricading:** Especially near large mandals, immersion ghats, and narrow approach roads.

- **Queue Management Systems:** Rope/steel railings with volunteer assistance at entry/exit points.

- **Micro-Zone Policing:** Breaking down each PS jurisdiction into manageable micro-zones for targeted deployment.

- **Real-Time Monitoring:** CCTV, drone feeds, and crowd-density AI analysis to detect early signs of overcrowding.

- **Evacuation Drills:** For high-risk ghats such as Godaghat and Eknath Ghat where riverbanks are steep.

2.3 Traffic Control
The **dual challenge** during Ganpati Utsav is managing both vehicular and pedestrian flows. Traffic strategy:

- **Dedicated Procession Routes:** Pre-notified *in-routes* for Agman days (25–27 Aug) and *out-routes* for Visarjan day (7–8 Sep).

- **Sensitive Junction Control:** Extra manpower at Dwarka Circle, Shalimar, College Road, and CBS.

- **One-Way Timings:** Implemented on narrow stretches to avoid gridlocks.

- **Diversion Routes:** Emergency bypasses planned for each major procession to allow uninterrupted ambulance and fire tender movement.

- **Public Communication:** LED boards and social media updates for route closures and alternate paths.

2.4 Risk Categorization
Mandals and locations are classified into **three tiers** for deployment scaling:

- **Tier 1 – High Risk:** Large crowd pullers, VIP mandals, historical incident spots (e.g., Godaghat, Panchavati Karanja).

- **Tier 2 – Medium Risk:** Mid-sized mandals with moderate crowd flow.

- **Tier 3 – Low Risk:** Small neighborhood mandals with minimal crowd.
   Risk assessments consider **past 10 years' data** (2015–2024) on crime reports, crowd density, and route congestion.

2.5 Force Welfare & Morale
A **fatigued force is a vulnerable force**; welfare measures include:

- **Meal Points:** PS-wise lunch/dinner distribution centers within 300 meters of deployment points.

- **Shift Rotations:** Standard 8-hour shifts, with relief teams available for extended events.

- **Rest Zones:** Portable tents/chairs at strategic junctions.

- **Medical Check-ups:** On-call medical staff for heatstroke, dehydration, or injury cases.

- **Hydration Stations:** Water kiosks near barricades and control points.

2.6 Technology Integration
Leveraging tech for **real-time command and control**:

- **CCTV & Drone Coverage:** Over 150 fixed cameras and 20 drone points for live monitoring.

- **GIS Mapping:** All 35 "Valuable Mandals" and 4 major ghats mapped for deployment tracking.

- **Force Tracking:** GPS-enabled devices for mobile patrol units.

- **Crowd Alerts:** Automated alerts for crowd density breaches sent to zone control rooms.

2.7 Coordination & Communication
Inter-agency collaboration is critical:

- **Daily Briefings:** Morning and evening briefings at PS and division levels.

- **Control Room Connectivity:** Direct lines between CP Office, Zone HQ, and PS control rooms.

- **Volunteer Integration:** Peace committees and NGO marshals equipped with high-visibility jackets for easy identification.

- **Public Announcements:** Multi-language announcements (Marathi, Hindi, English) for crowd instructions.

SECTION 3 – ZONE, DIVISION & POLICE STATION OVERVIEW

The Nashik City Police Commissionerate is divided into **2 Zones**, **4 Divisions**, and **13 Police Stations (PS)**. Each PS has multiple chowkis and micro-zones, covering specific mandals, procession routes, and immersion ghats.

This section links **jurisdiction responsibilities** directly to the Bandobast plan for effective command, control, and accountability.

3.1 Administrative Structure

- **Commissioner of Police (CP):** Overall in-charge for festival law & order, crowd control, and traffic management.

- **Joint CP:** Direct supervision over both zones, ensuring uniformity of action.

- **Deputy Commissioners of Police (DCPs):** Zone-level operational command.

- **Assistant Commissioners of Police (ACPs):** Division-level micro-management.

- **Police Inspectors (PIs):** Day-to-day PS-level execution.

- **Sub-Inspectors (PSIs), ASIs, Head Constables, Constables, Home Guards:** Field presence and enforcement.

ZONE 1 – Divisions A & B

DIVISION A

1. **Bhadrakali PS**

   ○ **Area Profile:** Old city, commercial hubs, heritage mandals.

   ○ **Festival Hotspots:** Dwarka Circle, Shalimar, Main Road market, Godaghat.

   ○ **Linked Immersion Ghats:** Godaghat (Primary), Nasardi Ghat (Backup).

   ○ **Notable Mandals:** Shree Sarvajanik Ganesh Mandal (Dwarka Circle), Shree Tilak Road Mandal.

   ○ **Special Concerns:** Traffic bottlenecks at Shalimar; mixed population sensitivity.

2. **Panchavati PS**

   ○ **Area Profile:** Historical religious core; narrow lanes; high pilgrim activity.

   ○ **Festival Hotspots:** Panchavati Karanja, Tapovan, Eknath Ghat Road.

   ○ **Linked Ghats:** Eknath Ghat (Primary), Godaghat (Backup).

   ○ **Notable Mandals:** Shree Shivaji Chowk Mandal, Karanja Mandal.

   ○ **Special Concerns:** Lane congestion, high pedestrian density, risk of stampede.

DIVISION B
 3. **Mhasrul PS**

● **Area Profile:** Semi-urban; mix of residential and small commercial areas.

● **Festival Hotspots:** Mhasrul Naka, Canada Corner approach roads.

● **Linked Ghats:** Gangapur Ghat (Primary).

● **Notable Mandals:** Canada Corner Ganesh Mandal.

- **Special Concerns:** Peak-time traffic at Canada Corner; coordination with Gangapur PS needed.

4. **Satpur PS**

   - **Area Profile:** Industrial and residential; heavy vehicle movement zones.

   - **Festival Hotspots:** Satpur Colony, ABB Circle, Gangapur Road link.

   - **Linked Ghats:** Gangapur Ghat (Primary), Godaghat (Backup).

   - **Notable Mandals:** ABB Circle Mandal, Satpur Industrial Mandal.

   - **Special Concerns:** Need for traffic diversion planning for heavy trucks.

5. **Ambad PS**

   - **Area Profile:** Industrial-commercial hub with large worker population.

   - **Festival Hotspots:** Ambad Naka, Mumbai Naka.

   - **Linked Ghats:** Gangapur Ghat (Primary), Godaghat (Backup).

   - **Notable Mandals:** Shree Ambad Sarvajanik Mandal.

   - **Special Concerns:** Heavy processions passing through Mumbai Naka; potential congestion spillover into Nashik-Pune highway.

ZONE 2 – Divisions C & D

DIVISION C

6. **Nashik Road PS**

- **Area Profile:** Major transport hub, high density residential.

- **Festival Hotspots:** Jail Road, Railway Station area.

- **Linked Ghats:** Nasardi Ghat (Primary), Godaghat (Backup).

- **Notable Mandals:** Shree Nashik Road Sarvajanik Mandal.

- **Special Concerns:** Large processions, main east zone traffic artery.

7. **Upnagar PS**

    - **Area Profile:** Dense residential clusters.

    - **Festival Hotspots:** Upnagar Chowk, Jail Road.

    - **Linked Ghats:** Nasardi Ghat (Primary), Eknath Ghat (Backup).

    - **Notable Mandals:** Upnagar Ganesh Mandal.

    - **Special Concerns:** Narrow approach roads, prone to bottlenecks.

8. **Adgaon PS**

    - **Area Profile:** Highway-adjacent; semi-urban.

    - **Festival Hotspots:** Adgaon Naka.

    - **Linked Ghats:** Nasardi Ghat (Primary).

    - **Notable Mandals:** Adgaon Sarvajanik Mandal.

    - **Special Concerns:** Procession routes intersect highway traffic.

DIVISION D

9. **Indiranagar PS**

   - **Area Profile:** High-density housing, markets.

   - **Festival Hotspots:** Indiranagar Signal, Pathardi Phata.

   - **Linked Ghats:** Gangapur Ghat (Primary), Godaghat (Backup).

   - **Notable Mandals:** Indiranagar Sarvajanik Mandal.

   - **Special Concerns:** Vehicle congestion from Pathardi Phata flyover.

10. **CIDCO PS**

    - **Area Profile:** Large planned township; mixed commercial-residential.

    - **Festival Hotspots:** CBS Area, Ashok Stambh.

    - **Linked Ghats:** Gangapur Ghat (Primary), Godaghat (Backup).

    - **Notable Mandals:** CIDCO Main Mandal.

    - **Special Concerns:** High weekend visitor traffic.

11. **MIDC PS**

    - **Area Profile:** Industrial; low residential density.

    - **Festival Hotspots:** MIDC Industrial Estate.

    - **Linked Ghats:** Gangapur Ghat (Primary).

    - **Notable Mandals:** MIDC Ganesh Mandal.

    - **Special Concerns:** Security for industrial zones during low manpower at night.

12. **Gangapur PS**

    - **Area Profile:** Prime access to Gangapur Ghat.

    - **Festival Hotspots:** Gangapur Road, Someshwar.

- ○ **Linked Ghats:** Gangapur Ghat (Primary).

- ○ **Notable Mandals:** Navshya Ganpati Mandal.

- ○ **Special Concerns:** VIP movement control, direct media coverage.

13. **Satpur Colony PS**

- ○ **Area Profile:** Residential, linked to Satpur Industrial Belt.

- ○ **Festival Hotspots:** Satpur Colony.

- ○ **Linked Ghats:** Gangapur Ghat (Primary).

- ○ **Notable Mandals:** Satpur Colony Mandal.

- ○ **Special Concerns:** Route overlaps with industrial traffic.

SECTION 4 – FULL MANDAL PROFILES

4.1 Overview

The **35 Valuable Mandals** represent high-priority locations based on:

- Historical crowd density (2015–2024 trends)

- Route complexity

- VIP presence

- Proximity to sensitive areas or junctions

- Previous law & order incidents

Each profile includes:

1. **Name & Address** – official location

2. **PS Jurisdiction** – Police Station responsible

3. **Crowd Category** – High / Medium / Low

4. **In-Route** – procession path to mandal or ghat

5. **Out-Route** – return/dispersal path

6. **Primary Ghat** – immersion point

7. **Backup Ghat** – alternative immersion point

8. **Remarks** – special security/traffic notes

FULL MANDAL PROFILES

Sr.	Mandal Name & Address	PS Jurisdiction	Crowd Category	Visarjan In-Route (Mandal → Ghat)	Visarjan Out-Route (Ghat → Dispersal)	Primary Ghat	Backup Ghat	Remarks
1	Shree Navshya Ganpati Mandal, Gangapur Road	Gangapur PS	High	Gangapur Rd → College Rd → Canada Corner → Shalimar → Main Rd → Godaghat	Godaghat → Main Rd → Canada Corner → College Rd → Gangapur Rd	Godaghat	Gangapur Ghat	VIP visits, heavy crowd, double barricading at Canada Corner
2	Shree Sarvajanik Ganesh Mandal, Dwarka Circle	Bhadrakali PS	High	Dwarka Circle → Shalimar → Main Rd → Godaghat	Godaghat → Main Rd → Shalimar → Dwarka Circle	Godaghat	Nasardi Ghat	Traffic choke point at Shalimar
3	Shree Shivaji Chowk Ganesh Mandal, Panchavati	Panchavati PS	High	Shivaji Chowk → Panchavati Karanja → Eknath Ghat Rd → Eknath Ghat	Eknath Ghat → Panchavati Bypass → Shivaji Chowk	Eknath Ghat	Godaghat	Narrow lanes, high religious sensitivity

4	Shree Ambad Sarvajanik Ganesh Mandal, Ambad Naka	Ambad PS	Medium	Ambad Naka → Mumbai Naka → College Rd → Gangapur Ghat	Gangapur Ghat → College Rd → Mumbai Naka → Ambad Naka	Gangapur Ghat	Godaghat	Industrial route, SRPF presence needed
5	Shree Nashik Road Sarvajanik Ganesh Mandal, Jail Rd	Nashik Road PS	High	Jail Rd → Bytco Point → Main Rd → Nasardi Ghat	Nasardi Ghat → Main Rd → Bytco Point → Jail Rd	Nasardi Ghat	Godaghat	Crowd fencing at Bytco Point
6	Shree Upnagar Ganesh Mandal, Upnagar	Upnagar PS	Medium	Upnagar → Jail Rd → Bytco Point → Nasardi Ghat	Nasardi Ghat → Bytco Point → Jail Rd → Upnagar	Nasardi Ghat	Eknath Ghat	One-way traffic enforcement
7	Shree Adgaon Sarvajanik Ganesh Mandal, Adgaon Naka	Adgaon PS	Medium	Adgaon Naka → Nashik-Pune Rd → Mumbai Naka → Nasardi Ghat	Nasardi Ghat → Mumbai Naka → Nashik-Pune Rd → Adgaon Naka	Nasardi Ghat	Eknath Ghat	RTO-managed diversions
8	Shree Indiranagar Ganesh	Indiranagar PS	Medium	Indiranagar → Trimurti Chowk →	Gangapur Ghat → Trimurti Chowk →	Gangapur Ghat	Godaghat	2 relief teams for fatigue

	Mandal, Indiranagar			Gangapur Ghat	Indiranagar			
9	Shree CIDCO Ganesh Mandal, CIDCO Main Rd	CIDCO PS	High	CIDCO Main Rd → Untwadi Rd → Mumbai Naka → Gangapur Ghat	Gangapur Ghat → Mumbai Naka → Untwadi Rd → CIDCO Main Rd	Gangapur Ghat	Godaghat	Drone monitoring
10	Shree MIDC Ganesh Mandal, Satpur MIDC	MIDC PS	Medium	Satpur MIDC Rd → Nashik-Trimbak Rd → Mumbai Naka → Gangapur Ghat	Gangapur Ghat → Mumbai Naka → Nashik-Trimbak Rd → Satpur MIDC Rd	Gangapur Ghat	Godaghat	Portable lighting
11	Shree Satpur Colony Ganesh Mandal, Satpur	Satpur PS	Medium	Satpur Colony → Nashik-Trimbak Rd → Mumbai Naka → Gangapur Ghat	Gangapur Ghat → Mumbai Naka → Nashik-Trimbak Rd → Satpur Colony	Gangapur Ghat	Godaghat	Coordination with Satpur & MIDC PS
12	Shree Gangapur Gaon Ganesh Mandal,	Gangapur PS	Low	Gangapur Gaon → Gangapur Rd →	Gangapur Ghat → Gangapur Rd →	Gangapur Ghat	Godaghat	Local volunteer support

	Gangapur			Gangapur Ghat	Gangapur Gaon			
13	Shree Bhadrakali Mandal, Bhadrakali	Bhadrakali PS	High	Bhadrakali → Shalimar → Main Rd → Godaghat	Godaghat → Main Rd → Shalimar → Bhadrakali	Godaghat	Nasardi Ghat	Sensitive religious site
14	Shree Panchavati Mandal, Panchavati	Panchavati PS	High	Panchavati → Eknath Ghat Rd → Eknath Ghat	Eknath Ghat → Panchavati	Eknath Ghat	Godaghat	Historic immersion site
15	Shree Mumbai Naka Mandal, Mumbai Naka	Ambad PS	High	Mumbai Naka → College Rd → Gangapur Ghat	Gangapur Ghat → College Rd → Mumbai Naka	Gangapur Ghat	Godaghat	4 barricading points
16	Shree Mahatma Nagar Ganesh Mandal, Mahatma Nagar	Gangapur PS	Medium	Mahatma Nagar → College Rd → Canada Corner → Gangapur Ghat	Gangapur Ghat → Canada Corner → College Rd → Mahatma Nagar	Gangapur Ghat	Godaghat	Media coverage area
17	Shree Deolali Gaon	Upnagar PS	Low	Deolali Gaon → Jail Rd →	Nasardi Ghat → Jail Rd →	Nasardi Ghat	Eknath Ghat	Rural route

No	Name	Police Station	Priority	Outbound Route	Return Route	Col7	Col8	Remarks
	Ganesh Mandal			Nasardi Ghat	Deolali Gaon			
18	Shree Ashok Stambh Ganesh Mandal	Bhadrakali PS	High	Ashok Stambh → Main Rd → Godaghat	Godaghat → Main Rd → Ashok Stambh	Godaghat	Nasardi Ghat	Constant police bandobast
19	Shree Khutwad Nagar Ganesh Mandal	Indiranagar PS	Medium	Khutwad Nagar → Trimurti Chowk → Gangapur Ghat	Gangapur Ghat → Trimurti Chowk → Khutwad Nagar	Gangapur Ghat	Godaghat	Diversion at Trimurti
20	Shree Rajiv Nagar Ganesh Mandal	Indiranagar PS	Medium	Rajiv Nagar → Indiranagar → Trimurti Chowk → Gangapur Ghat	Gangapur Ghat → Trimurti Chowk → Rajiv Nagar	Gangapur Ghat	Godaghat	Crowd control at Trimurti
21	Shree Untwadi Ganesh Mandal	CIDCO PS	Medium	Untwadi → Mumbai Naka → Gangapur Ghat	Gangapur Ghat → Mumbai Naka → Untwadi	Gangapur Ghat	Godaghat	Sensitive crossing at Mumbai Naka
22	Shree College Rd	Bhadrakali PS	Medium	College Rd → Canada	Godaghat → Canada Corner →	Godaghat	Gangapur Ghat	Close to VIP movement

	Ganesh Mandal			Corner → Godaghat	College Rd			
23	Shree Ekatmata Nagar Ganesh Mandal	CIDCO PS	Low	Ekatmata Nagar → Untwadi → Mumbai Naka → Gangapur Ghat	Gangapur Ghat → Mumbai Naka → Ekatmata Nagar	Ganga pur Ghat	Godag hat	Minor crowd
24	Shree Ganjmal Ganesh Mandal	Bhadraka li PS	High	Ganjmal → Main Rd → Godaghat	Godaghat → Main Rd → Ganjmal	Godag hat	Nasard i Ghat	Dense old market
25	Shree Aurangab ad Naka Ganesh Mandal	Ambad PS	Mediu m	Aurangab ad Naka → Mumbai Naka → Gangapur Ghat	Gangapur Ghat → Mumbai Naka → Aurangab ad Naka	Ganga pur Ghat	Godag hat	Highway point
26	Shree Doodh Bazaar Ganesh Mandal	Panchav ati PS	High	Doodh Bazaar → Panchavat i Karanja → Eknath Ghat	Eknath Ghat → Panchavat i Karanja → Doodh Bazaar	Eknath Ghat	Godag hat	Tight lanes
27	Shree Wadala Ganesh Mandal	Nashik Road PS	Mediu m	Wadala → Jail Rd → Nasardi Ghat	Nasardi Ghat → Jail Rd → Wadala	Nasard i Ghat	Godag hat	Requires extra lighting

28	Shree Makhmalabad Ganesh Mandal	Mhasrul PS	Low	Makhmalabad → Nashik-Trimbak Rd → Gangapur Ghat	Gangapur Ghat → Nashik-Trimbak Rd → Makhmalabad	Gangapur Ghat	Godaghat	Long-distance procession
29	Shree Pathardi Ganesh Mandal	Pathardi PS	Low	Pathardi → Mumbai Naka → Gangapur Ghat	Gangapur Ghat → Mumbai Naka → Pathardi	Gangapur Ghat	Godaghat	Needs 1 reserve vehicle
30	Shree Satpur Village Ganesh Mandal	Satpur PS	Low	Satpur Village → Nashik-Trimbak Rd → Gangapur Ghat	Gangapur Ghat → Nashik-Trimbak Rd → Satpur Village	Gangapur Ghat	Godaghat	Local volunteer aid
31	Shree Nashik City Central Mandal	Bhadrakali PS	High	Main Rd → Godaghat	Godaghat → Main Rd → Central Nashik	Godaghat	Nasardi Ghat	Large media presence
32	Shree Dwarka Main Ganesh Mandal	Bhadrakali PS	High	Dwarka → Shalimar → Godaghat	Godaghat → Shalimar → Dwarka	Godaghat	Nasardi Ghat	High vehicle density

33	Shree Tapovan Ganesh Mandal	Panchavati PS	Medium	Tapovan → Panchavati Karanja → Eknath Ghat	Eknath Ghat → Panchavati Karanja → Tapovan	Eknath Ghat	Godaghat	Route near temple area
34	Shree Trimbak Naka Ganesh Mandal	Mhasrul PS	Medium	Trimbak Naka → Nashik-Trimbak Rd → Gangapur Ghat	Gangapur Ghat → Nashik-Trimbak Rd → Trimbak Naka	Gangapur Ghat	Godaghat	Needs traffic diversions
35	Shree Ashwin Nagar Ganesh Mandal	Indiranagar PS	Medium	Ashwin Nagar → Trimurti Chowk → Gangapur Ghat	Gangapur Ghat → Trimurti Chowk → Ashwin Nagar	Gangapur Ghat	Godaghat	Deployment at Ashwin Nagar junction

SECTION 4B – VISARJAN DAY DEPLOYMENT PLAN (Complete)

Sr.	Mandal Name	PS Jurisdiction	Crowd Category	Force Allocation (Officers)	Force Allocation (Constables)	Home Guards	SRPF	Shift 1 (06:00–12:00)	Shift 2 (12:00–18:00)	Shift 3 (18:00–03:00)	Remarks

SECTION 5 – ROUTE & TRAFFIC MANAGEMENT

5.1 Objective

To ensure smooth, safe, and efficient procession movement during **Ganpati Agman (25–27 Aug)** and **Visarjan (7–8 Sep)** while minimising traffic disruption, avoiding congestion at sensitive junctions, and maintaining emergency corridors.

5.2 Strategy Overview

- **Dedicated In-Route & Out-Route Plans** for each of the 35 valuable mandals.

- **Segregation of Routes** for different PS jurisdictions to prevent route overlap at peak hours.

- **Staggered Departure Timings** to reduce ghat congestion.

- **One-Way Systems** on key visarjan roads during immersion hours.

- **Diversion Points** for non-procession traffic clearly signposted.

- **Emergency Corridors** maintained from all major hospitals to ghats.

5.3 Traffic Control Principles

1. **Agman Days (25–27 Aug)**

   - Entry of idols from city gates (Mumbai Naka, Dwarka, Adgaon Naka, Ambad, etc.) to respective mandals.

   - Use of wider roads for large idols; smaller lanes for community mandals.

   - No heavy vehicles on main procession routes between **09:00–23:00 hrs**.

2. **Visarjan Days (7–8 Sep)**

   ○ Processions move **mandal** → **ghat** via pre-defined visarjan out-route.

   ○ Only **one procession lane** active per road to avoid gridlock.

   ○ Temporary **parking zones for procession vehicles** set 200–300m from ghats.

   ○ Barricading at ghat entry points to manage queue discipline.

SECTION 5.4 – Master Visarjan Route & Junction Control Chart (All 35 Mandals)

Sr.	Mandal Name & Address	PS Jurisdiction	Visarjan Out-Route (Road-by-Road)	Primary Ghat	Backup Ghat	Sensitive Junctions	Alternate/Diversion Route
1	Shree Navshya Ganpati Mandal, Gangapur Rd	Gangapur PS	Gangapur Rd → College Rd → Canada Corner → Main Rd → Godaghat	Godaghat	Gangapur Ghat	Canada Corner, Main Rd	Gangapur Rd → Sahyadri Nagar → Godaghat
2	Shree Sarvajanik Ganesh Mandal, Dwarka Circle	Bhadrakali PS	Dwarka Circle → Shalimar → Main Rd → Godaghat	Godaghat	Nasardi Ghat	Shalimar, Main Rd stretch	Dwarka → Trimurti Chowk → Nashik Pune Rd → Godaghat
3	Shree Shivaji Chowk Ganesh Mandal, Panchavati	Panchavati PS	Shivaji Chowk → Panchavati Karanja → Eknath Ghat Rd → Eknath Ghat	Eknath Ghat	Godaghat	Panchavati Karanja	Shivaji Chowk → Kalaram Mandir Rd → Godaghat

4	Shree Ambad Sarvajanik Ganesh Mandal, Ambad Naka	Ambad PS	Ambad → Mumbai Naka → College Rd → Gangapur Ghat	Gangapur Ghat	Godaghat	Mumbai Naka, College Rd	Ambad → MIDC Rd → Trimurti → Gangapur Ghat
5	Shree Nashik Road Sarvajanik Ganesh Mandal, Jail Rd	Nashik Road PS	Nashik Road → Jail Rd → Nasardi Ghat	Nasardi Ghat	Godaghat	Jail Rd, Nasardi Bridge	Jail Rd → Upnagar → Eknath Ghat
6	Shree Upnagar Ganesh Mandal	Upnagar PS	Upnagar → Jail Rd → Nasardi Ghat	Nasardi Ghat	Eknath Ghat	Jail Rd	Upnagar → Pathardi Phata → Eknath Ghat
7	Shree Adgaon Ganesh Mandal	Adgaon PS	Adgaon Naka → Jail Rd → Nasardi Ghat	Nasardi Ghat	Godaghat	Adgaon Naka, Nasardi Bridge	Adgaon → Pathardi Phata → Eknath Ghat
8	Shree Indiranagar Sarvajanik Ganesh Mandal	Indiranagar PS	Indiranagar → Trimurti Chowk → Gangapur Rd → Gangapur Ghat	Gangapur Ghat	Godaghat	Trimurti Chowk, Gangapur Signal	Indiranagar → Pathardi Phata → Eknath Ghat
9	Shree CIDCO Ganesh Mandal, CIDCO Naka	CIDCO PS	CIDCO Naka → Trimurti Chowk → Gangapur Ghat	Gangapur Ghat	Godaghat	CIDCO Naka, Trimurti Chowk	CIDCO → Pathardi Phata → Godaghat

10	Shree MIDC Ganesh Mandal, Satpur MIDC	MIDC PS	Satpur MIDC → Trimbak Naka → Gangapur Rd → Gangapur Ghat	Gangapur Ghat	Godaghat	Trimbak Naka	Satpur MIDC → Pathardi Phata → Eknath Ghat
11	Shree Gangapur Gaothan Mandal	Gangapur PS	Gangapur Gaothan → Gangapur Ghat	Gangapur Ghat	Godaghat	Gangapur Gaothan	Gangapur Gaothan → Canada Corner → Godaghat
12	Shree Satpur Colony Ganesh Mandal	Satpur Colony PS	Satpur Colony → Trimbak Naka → Gangapur Ghat	Gangapur Ghat	Godaghat	Trimbak Naka	Satpur Colony → CIDCO Naka → Godaghat
13	Shree Bhadrakali Sarvajanik Ganesh Mandal	Bhadrakali PS	Bhadrakali Mandir → Main Rd → Godaghat	Godaghat	Eknath Ghat	Bhadrakali Mandir, Main Rd	Bhadrakali → Panchavati Karanja → Eknath Ghat
14	Shree Panchavati Karanja Mandal	Panchavati PS	Panchavati Karanja → Eknath Ghat Rd → Eknath Ghat	Eknath Ghat	Godaghat	Panchavati Karanja	Panchavati → Main Rd → Godaghat
15	Shree Dwarka Mandal	Bhadrakali PS	Dwarka → Shalimar → Main Rd → Godaghat	Godaghat	Nasardi Ghat	Shalimar, Main Rd	Dwarka → CIDCO Naka → Godaghat

16	Shree Mumbai Naka Ganesh Mandal	Ambad PS	Mumbai Naka → College Rd → Gangapur Ghat	Ganga pur Ghat	Goda ghat	Mumbai Naka	Mumbai Naka → Trimurti Chowk → Godaghat
17	Shree Mhasrul Mandal	Mhasrul PS	Mhasrul → Trimbak Rd → Gangapur Ghat	Ganga pur Ghat	Goda ghat	Trimbak Naka	Mhasrul → Adgaon Naka → Nasardi Ghat
18	Shree Takli Rd Mandal	Panchavati PS	Takli Rd → Eknath Ghat	Eknath Ghat	Goda ghat	Takli Rd	Takli Rd → Panchavati Karanja → Godaghat
19	Shree College Rd Mandal	Gangapur PS	College Rd → Canada Corner → Godaghat	Godag hat	Gang apur Ghat	Canada Corner	College Rd → Gangapur Ghat
20	Shree Shalimar Mandal	Bhadrakali PS	Shalimar → Main Rd → Godaghat	Godag hat	Nasar di Ghat	Shalimar	Shalimar → CIDCO Naka → Godaghat
21	Shree Pathardi Phata Mandal	Indiranaga r PS	Pathardi Phata → Trimurti → Gangapur Ghat	Ganga pur Ghat	Eknat h Ghat	Pathardi Phata, Trimurti Chowk	Pathardi Phata → Nashik Pune Rd → Godaghat
22	Shree Satpur Naka Mandal	MIDC PS	Satpur Naka → Trimbak Naka → Gangapur Ghat	Ganga pur Ghat	Goda ghat	Trimbak Naka	Satpur Naka → CIDCO Naka → Godaghat

23	Shree Canada Corner Mandal	Bhadrakali PS	Canada Corner → Godaghat	Godaghat	Gangapur Ghat	Canada Corner	Canada Corner → Gangapur Rd → Gangapur Ghat
24	Shree Bytco Point Mandal	Nashik Road PS	Bytco Point → Jail Rd → Nasardi Ghat	Nasardi Ghat	Eknath Ghat	Bytco Point, Jail Rd	Bytco → Upnagar → Eknath Ghat
25	Shree Mico Circle Mandal	Ambad PS	Mico Circle → College Rd → Gangapur Ghat	Gangapur Ghat	Godaghat	Mico Circle, College Rd	Mico → MIDC Rd → Trimurti → Godaghat
26	Shree RTO Chowk Mandal	CIDCO PS	RTO Chowk → Trimurti → Gangapur Ghat	Gangapur Ghat	Godaghat	RTO Chowk, Trimurti	RTO → Pathardi Phata → Eknath Ghat
27	Shree Nashik Pune Rd Mandal	Bhadrakali PS	Nashik Pune Rd → Dwarka → Main Rd → Godaghat	Godaghat	Nasardi Ghat	Dwarka	Nashik Pune Rd → CIDCO → Godaghat
28	Shree Market Yard Mandal	Bhadrakali PS	Market Yard → Main Rd → Godaghat	Godaghat	Eknath Ghat	Market Yard, Main Rd	Market Yard → Panchavati Karanja → Eknath Ghat
29	Shree Panchak Mandal	Panchavati PS	Panchak → Panchavati Karanja → Eknath Ghat	Eknath Ghat	Godaghat	Panchavati Karanja	Panchak → Main Rd → Godaghat

30	Shree Trimurti Chowk Mandal	Indiranagar PS	Trimurti Chowk → Gangapur Ghat	Gangapur Ghat	Godaghat	Trimurti Chowk	Trimurti → Pathardi Phata → Eknath Ghat
31	Shree Aurangabad Naka Mandal	Nashik Road PS	Aurangabad Naka → Jail Rd → Nasardi Ghat	Nasardi Ghat	Godaghat	Aurangabad Naka	Aurangabad Naka → Upnagar → Eknath Ghat
32	Shree Gangapur Signal Mandal	Gangapur PS	Gangapur Signal → Gangapur Ghat	Gangapur Ghat	Godaghat	Gangapur Signal	Gangapur Signal → Canada Corner → Godaghat
33	Shree Tapovan Mandal	Panchavati PS	Tapovan → Eknath Ghat	Eknath Ghat	Godaghat	Tapovan	Tapovan → Panchavati Karanja → Godaghat
34	Shree Shivaji Nagar Mandal	Ambad PS	Shivaji Nagar → Mumbai Naka → College Rd → Gangapur Ghat	Gangapur Ghat	Godaghat	Mumbai Naka, College Rd	Shivaji Nagar → MIDC Rd → Trimurti → Godaghat
35	Shree Nashik Gaothan Mandal	Bhadrakali PS	Nashik Gaothan → Main Rd → Godaghat	Godaghat	Eknath Ghat	Main Rd, Shalimar	Nashik Gaothan → Panchavati Karanja → Eknath Ghat

5.5 Sensitive Junctions – Citywide

- **Godaghat Zone:** Canada Corner, Main Road, Shalimar, Panchavati Karanja.

- **Gangapur Ghat Zone:** Mumbai Naka, College Road, Trimurti Chowk, Gangapur Signal.

- **Eknath Ghat Zone:** Panchavati Karanja, Kalaram Mandir Rd, Takli Rd.

- **Nasardi Ghat Zone:** Jail Road, Nasardi Bridge, Dwarka Circle.

5.6 Ghat Approach & Exit Plans

- **One-way entry** to ghats during visarjan hours.

- **Separate exit road** for returning procession vehicles.

- **Crowd holding areas** set up 200–300m before ghat entry.

- **Police check posts** at all ghat access points.

5.7 Emergency Route Matrix

- **Hospitals to Ghats**

  - Wockhardt → Gangapur Ghat via Trimbak Naka (kept clear at all times)

  - Civil Hospital → Godaghat via Main Rd (emergency lane)

  - Bytco Hospital → Nasardi Ghat via Jail Rd (priority route)

SECTION 6 – IMMERSION GHAT MANAGEMENT

6.1 Ghat Overview

Nashik City has **four major primary immersion ghats** and several **secondary/local ghats**. The majority of visarjan processions culminate at these points, with footfall peaking between **4 PM on 7 September and 3 AM on 8 September**.

Sr.	Ghat Name	Location	Linked PS Jurisdictions	Capacity (Crowd at Peak)	Linked Mandals (From Section 4–5)
1	**Godaghat**	Godavari River, near Bhadrakali Mandir	Bhadrakali PS, Panchavati PS, Gangapur PS	~ 1.5–2 lakh	High-density mandals from Bhadrakali, Panchavati, Gangapur, CIDCO
2	**Gangapur Ghat**	Gangapur Road stretch	Gangapur PS, Satpur PS, Indiranagar PS, CIDCO PS	~ 1–1.2 lakh	Mandals from Gangapur, CIDCO, Satpur, Indiranagar, MIDC
3	**Eknath Ghat**	Near Panchavati Karanja	Panchavati PS, Bhadrakali PS, Upnagar PS	~ 80,000–1 lakh	Mandals from Panchavati, Takli, Upnagar
4	**Nasardi Ghat**	Nasardi River, near Nashik Road	Nashik Road PS, Upnagar PS, Adgaon PS	~ 1 lakh	Mandals from Nashik Road, Adgaon, Upnagar, Aurangabad Naka

6.2 Deployment Plan per Ghat (Visarjan Day)

Note: Deployment is based on historical crowd data & expected 2025 footfall.

Ghat	Shift 1 (6 AM – 2 PM)	Shift 2 (2 PM – 10 PM)	Shift 3 (10 PM – 4 AM)	Total Force	Remarks
Godaghat	2 ACP, 8 PI, 12 API, 220 Constables, 50 HG, 1 SRPF Plt	3 ACP, 10 PI, 15 API, 300 Constables, 80 HG, 2 SRPF Plt	2 ACP, 8 PI, 12 API, 200 Constables, 60 HG	~1,200	Drone surveillance, multiple barricades, medical tents
Gangapur Ghat	1 ACP, 6 PI, 10 API, 180 Constables, 40 HG	2 ACP, 8 PI, 14 API, 250 Constables, 70 HG	1 ACP, 6 PI, 10 API, 150 Constables, 50 HG	~900	Two main entry lanes, swimmer teams stationed at multiple points
Eknath Ghat	1 ACP, 4 PI, 8 API, 120 Constables, 30 HG	2 ACP, 6 PI, 12 API, 160 Constables, 50 HG	1 ACP, 4 PI, 8 API, 100 Constables, 30 HG	~650	Narrow access roads — strict vehicle diversion
Nasardi Ghat	1 ACP, 5 PI, 10 API, 150 Constables, 40 HG	2 ACP, 7 PI, 14 API, 200 Constables, 60 HG	1 ACP, 5 PI, 10 API, 120 Constables, 40 HG	~740	Additional lighting needed; past traffic bottlenecks

6.3 Entry/Exit & Crowd Flow Management

- **Godaghat:**

  - **Entry:** Main Rd via Canada Corner

  - **Exit:** Panchavati Karanja – Shalimar stretch

  - **Separate pedestrian & vehicle routes** to avoid conflicts

- **Gangapur Ghat:**

  - **Entry:** Gangapur Rd (from Trimbak Naka & CIDCO)

  - **Exit:** Gangapur Rd → College Rd loop

  - Multiple barricades for staged immersion

- **Eknath Ghat:**

  - **Entry:** Panchavati Karanja direct approach

  - **Exit:** Kalaram Mandir side roads

  - Only small/medium idols via this ghat due to narrow lanes

- **Nasardi Ghat:**

  - **Entry:** Jail Rd from Nashik Road

  - **Exit:** Nashik Pune Highway stretch

  - Heavy vehicles prohibited

6.4 Safety & Rescue Arrangements

- **Swimmer Teams:**

    - Godaghat – 20 certified swimmers

    - Gangapur Ghat – 16 swimmers

    - Eknath Ghat – 12 swimmers

    - Nasardi Ghat – 14 swimmers

- **Life-Saving Equipment:**

    - Inflatable boats at Godaghat & Gangapur

    - Rope barricades at all ghats

    - First aid & stretcher points at each ghat

- **Medical:**

    - Ambulances at all ghats

    - NMC Medical Booths with doctor & paramedic staff

6.5 Environmental & Waste Management

- NMC to deploy **idol collection tanks** for plaster idols (POP) to avoid river pollution

- **Waste segregation points** near each ghat

- **Cleaning squads** deployed after immersion completion

- Continuous **public announcement** about eco-friendly immersion

---

SECTION 7 – COMMUNICATION & COMMAND

7.1 Objective

To maintain **real-time situational awareness**, coordinate force deployment, and ensure **swift incident response** through a **structured communication network** linking all levels — from **field constable** to **Commissioner of Police**.

7.2 Command Structure

Top-Level Control:

- **Commissioner of Police (CP)** – Strategic decision-making, overall control.

- **Joint CP** – Operational supervision across both Zones.

- **DCP Zone 1 & Zone 2** – Tactical control in their respective Zones.

- **ACP Division Heads** – On-ground supervision of Police Stations (PS).

- **PI / Sr. PI** – PS-level deployment & field decisions.

Field Level:

- **PSI / API** – Immediate field command for mandal routes, junctions, and ghats.

- **Constables & Home Guards** – Assigned to fixed points or mobile patrols.

- **Special Units** – QRT, SRPF, Traffic Control Teams, Disaster Response.

7.3 Communication Channels

Channel	Purpose	Coverage	Remarks
Wireless VHF Sets	Main police comms	All PS, ACP/DCP offices, control room, field units	Assigned call signs & codes
Mobile Phones	Secondary comms	All officers	For sensitive info not shared over open channel
WhatsApp Command Groups	Rapid updates & photo/video sharing	Zone & PS groups	Restricted to verified members
CCTV Feeds	Live monitoring	Main control room, PS monitoring points	Linked to city surveillance grid
Drone Live Feed	Aerial crowd & route monitoring	Major ghats & processions	Feed to control room + mobile command vehicles

7.4 Escalation Flow

1. **Constable/Home Guard at spot → PSI/API** (immediate supervisor)

2. **PSI/API → PI/Sr. PI** (PS commander)

3. **PI/Sr. PI → ACP Division**

4. **ACP → DCP Zone**

5. **DCP → Joint CP / CP** (only for critical, city-wide implications)

Time Target:

- Minor incidents → Resolved at PS level within **15 minutes**

- Major incidents → Escalated to Zone level within **5 minutes**

7.5 Control Room Setup

- **Main Control Room (Police HQ)** – 24x7 operation with live map wall, CCTV feeds, call log.

- **Zone Control Rooms** – Located at DCP offices, connected to HQ.

- **PS Mini-Control Points** – For route-specific monitoring.

Control Room Staff Allocation (Visarjan Day):

Position	Count	Role
Duty Officer	2 per shift	Supervise comms
Wireless Operator	4 per shift	Manage VHF channels
CCTV Monitor Operator	6 per shift	Watch live feeds
Incident Logger	2 per shift	Record events & timings
Emergency Dispatcher	2 per shift	Send QRTs, ambulances

7.6 Wireless Call Signs & Codes

- **Call Sign Format:** `[Zone]-[PS]-[Post]` (e.g., `Z1-BK-03` = Zone 1, Bhadrakali PS, Point 03)

- **Code Examples:**

  - **Code Red** – Law & order incident

  - **Code Blue** – Medical emergency

  - **Code Yellow** – Traffic congestion

  - **Code White** – VIP movement

7.7 Real-Time Reporting Protocols

- **Situation Reports (SitReps)** every **hour** from all PS to Zone Control Room.

- **Immediate flash report** for:

    - Stampede risk

    - Riot or violent disturbance

    - Major medical incident

    - Missing child/woman report

7.8 Contingency Communication

If **primary wireless system fails**:

- Switch to **backup frequency** as per pre-issued channel list.

- Use **mobile data & VoIP calling** where network permits.

- Activate **physical messenger riders** for critical route updates.

SECTION 8 – INCIDENT RESPONSE PLAN

8.1 Objective

To ensure **rapid, coordinated, and effective response** to any emergency during the festival, minimizing harm to life, property, and public order.
 The plan integrates **police, health services, fire brigade, NMC, disaster management units, SRPF, and volunteer teams**.

8.2 Incident Categories

We classify incidents into four major types, each with its own **response protocol**:

1. **Medical Emergencies** – Injuries, cardiac arrest, dehydration, crowd crush, drowning

2. **Law & Order Disturbances** – Fights, mob unrest, theft, pickpocketing, communal tension

3. **Fire & Safety Hazards** – Electrical short circuits, fireworks mishaps, pandal fire

4. **Disaster / Flood Contingency** – Heavy rain flooding ghats, river level rise, bridge collapse

---

8.3 Response Chain

Step 1: Incident Detected (by police constable, CCTV operator, drone team, or citizen report)
 Step 2: Immediate **alert to PS/Zone Control Room**
 Step 3: Deploy nearest QRT / Specialized Team
 Step 4: Secure the scene → Provide immediate assistance → Begin evacuation if needed
 Step 5: Report escalation to higher command based on severity level

---

8.4 Severity Levels

Level	Description	Action Time	Responsible Unit
Level 1 – Minor	No major risk to life/property (e.g., small scuffle, minor injury)	5 min	PS-level response
Level 2 – Moderate	Potential escalation (e.g., medium crowd unrest, multiple injuries)	3 min	PS + ACP oversight
Level 3 – Major	High risk to life/property (stampede, drowning, large fire, riot)	Immediate	Zone Control + CP

8.5 Incident Response Protocols

8.5.1 Medical Emergencies

- **Immediate Actions:**

  - Alert nearest **Medical Aid Post** (set up at ghats, junctions, and major mandals)

  - Deploy **Police First Aid trained staff**

  - Call **Ambulance (108 / NMC Health Dept.)**

- **Special Measures:**

  - Lifeguards/swimmers at all ghats

  - Mobile medical vans patrolling key routes

  - Medical triage zones near Godaghat, Gangapur, Nasardi, Eknath

8.5.2 Law & Order Disturbances

- **Immediate Actions:**

  - Deploy nearest **QRT (Quick Response Team)**

  - Activate **plainclothes officers** for intel gathering

  - If escalation risk, call **SRPF/RAF platoon**

- **Special Measures:**

  - Dedicated anti-theft/pickpocketing teams

  - Riot control gear at Zone HQs

  - VIP protection for key mandals

8.5.3 Fire Safety Incidents

- **Immediate Actions:**

  - Alert **NMC Fire Brigade**

  - Deploy local PS fire extinguishers & trained staff

  - Evacuate public from danger zone

- **Special Measures:**

  - Mandatory fire extinguisher at every mandal & ghat

  - Electrical inspections pre-festival

  - Ban on fireworks near ghats

8.5.4 Disaster / Flood Contingency

- **Immediate Actions:**

  - Alert **Disaster Management Cell** + NMC

  - Close affected ghats and evacuate public

  - Coordinate with **State Water Resource Dept.** for river level monitoring

- **Special Measures:**

  - Pre-designated **evacuation routes** from each ghat

  - Boats and rescue gear at Gangapur & Godaghat

  - Early warning sirens at flood-prone spots

8.6 QRT & RCP Deployment

Unit	Location	Coverage Area	Equipment
QRT 1	Godaghat	Old City mandals	Riot gear, first aid, stretcher
QRT 2	Gangapur Ghat	West zone mandals	Rescue ropes, life jackets
QRT 3	Nasardi Ghat	East zone mandals	Riot gear, portable barricades
QRT 4	Eknath Ghat	Panchavati area	First aid, rescue kit

8.7 Citizen Reporting

- **Helpline Numbers:** 100 (Police), 108 (Ambulance), dedicated Ganpati Bandobast helpline

- **Mobile App / WhatsApp Tip Line:** For real-time reporting

- **On-Site Help Desks:** Staffed at major mandals & ghats

8.8 Post-Incident Protocol

1. Secure location & preserve evidence

2. Record statements from witnesses

3. File detailed incident report to CP Office

4. Update festival safety review database

SECTION 9 – MICRO-ZONE PLANNING

9.1 Objective

To **divide large PS jurisdictions into smaller, manageable micro-zones** for better crowd control, quicker response, and more efficient resource allocation during Ganpati Utsav 2025.

9.2 Micro-Zone Structure

- **Zone Level:** Controlled by DCP

- **Division Level:** Managed by ACP

- **PS Level:** Led by PI

- **Micro-Zone Level:** Managed by PSI or ASI with a dedicated team of constables, home guards, and volunteers.

9.3 Benefits of Micro-Zoning

- **Focused Deployment:** Each micro-zone has its own force & equipment

- **Faster Response Time:** Nearest team handles incidents

- **Better Crowd Management:** Smaller zones make queue/barricading easier

- **Improved Communication:** Clear chain of command from micro-zone to control room

9.4 Micro-Zone Mapping by Police Station

PS Name	Micro-Zone Code	Coverage Area	Linked Mandals	Primary Ghat	Crowd Category	Deployment Lead
Bhadrakali PS	B1	Shalimar → Main Road → Godaghat stretch	Sarvajanik Ganesh Mandal Dwarka, Shree Navshya Ganpati	Godaghat	High	PSI-1
	B2	Old Nashik Peth Area	Local Peth Mandals	Godaghat	Medium	PSI-2
Panchavati PS	P1	Panchavati Karanja → Eknath Ghat Road	Shree Shivaji Chowk Mandal	Eknath	High	PSI-3
	P2	Tapovan → Panchavati Bypass	Local Panchavati Mandals	Eknath	Medium	PSI-4
Gangapur PS	G1	Gangapur Road stretch till Ghat	Shree Navshya Ganpati Mandal	Gangapur	High	PSI-5
	G2	College Road → Canada Corner	Linked Ganpati Mandals	Gangapur	Medium	PSI-6
Ambad PS	A1	Ambad Naka → Mumbai Naka stretch	Shree Ambad Sarvajanik Mandal	Gangapur	Medium	PSI-7
Nashik Road PS	NR1	Jail Road → Nasardi Ghat	Nashik Road Sarvajanik Mandal	Nasardi	High	PSI-8
	NR2	Nashik Road Market Area	Local mandals	Nasardi	Medium	PSI-9

Upnagar PS	U1	Upnagar Main Road → Jail Road	Upnagar Ganesh Mandal	Nasardi	Medium	PSI-10
Adgaon PS	AD1	Adgaon Naka → Nasardi Road	Adgaon Sarvajanik Mandal	Nasardi	Medium	PSI-11
Indiranagar PS	IN1	Indiranagar Main Road → Gangapur Road	Major Mandals	Gangapur	Medium	PSI-12
CIDCO PS	C1	CIDCO Colony → Gangapur Road	CIDCO Sarvajanik Mandal	Gangapur	Medium	PSI-13
MIDC PS	M1	MIDC Area → Gangapur Road	Industrial Mandals	Gangapur	Low	PSI-14
Satpur PS	S1	Satpur Colony → Gangapur Road	Satpur Mandal	Gangapur	Medium	PSI-15

9.5 Daily Deployment Table (Micro-Zone Wise)

Example for **Visarjan Day (7 Sep 2025)**

Micro-Zone	Officers	Constables	Home Guards	SRPF	Traffic Police	Remarks
B1	1	15	10	0	5	VIP route, media coverage
P1	1	18	12	1 platoon	6	Narrow lanes, high density
G1	1	20	15	1 platoon	8	Historic mandal, crowd till 2 AM

| NR1 | 1 | 18 | 10 | 1 platoon | 6 | East zone major route |
| AD1 | 1 | 12 | 8 | 0 | 4 | Medium crowd, market area |

9.6 Communication Flow

- **Micro-Zone → PS Control Room:** Every 15 mins

- **PS Control Room → Division HQ:** Every 30 mins

- **Division HQ → Zone HQ / CP Office:** Hourly updates

9.7 Resource Allocation Rules

- High crowd = More manpower & SRPF

- VIP movement areas = Additional traffic control

- Narrow lane zones = More barricading & crowd flow monitors

- Ghat zones = Rescue teams + lifeguards + medical tents

SECTION 10 – DATA VISUALISATION PAGES

10.1 Zone Maps with Mandal Locations

Purpose:

- To give a **bird's-eye view** of Nashik City divided into **Zone 1 and Zone 2**, with all 35 "valuable" mandals plotted.

- Helps control room & field teams quickly identify **jurisdiction and crowd priority**.

Details in Map:

- **Red dots** = High crowd mandals

- **Orange dots** = Medium crowd mandals

- **Yellow dots** = Low crowd mandals

- **Blue shaded zones** = Zone 1 (Div A & B)

- **Green shaded zones** = Zone 2 (Div C & D)

- Police Station boundaries clearly marked

- Labels with mandal name & PS jurisdiction

10.2 Risk Heatmaps

Purpose:

- Visual representation of **crowd density & risk level** across Nashik.

- Guides SRPF allocation, QRT positioning, and traffic diversions.

Details in Map:

- **Dark red areas** = Very high density (Godaghat, Panchavati, Gangapur)

- **Orange** = Moderate crowd areas

- **Light yellow** = Low crowd density

- **Icons** for sensitive spots (religious mixing points, narrow lanes, past incidents)

- **Icons** for CCTV coverage points

10.3 Procession Route Diagrams

Purpose:

- Show **In-Route (Agman)** and **Out-Route (Visarjan)** for each major mandal.

- Avoid confusion for traffic police & volunteers.

Details in Diagram:

- **Green arrows** = In-route from entry point to mandal

- **Blue arrows** = Daily local routes (darshan events)

- **Red arrows** = Out-route for visarjan to ghat

- Sensitive junctions marked with ⚠ icons

- Diversion points marked with 🚫 icons

10.4 Ghat Capacity Charts

Purpose:

- Show crowd load distribution at immersion ghats.

- Prevent overloading a single ghat on visarjan day.

Chart Format:

Ghat Name	Capacity (people/hr)	Max Crowd 2024	Projected 2025	SRPF Platoons	Lifeguards	Medical Booths
Godaghat	8,000	9,200	9,500	3	12	4
Gangapur Ghat	6,000	6,800	7,200	2	10	3
Eknath Ghat	4,000	4,400	4,800	2	8	2
Nasardi Ghat	3,500	3,900	4,200	1	6	2

10.5 Deployment Bar Graphs

Purpose:

- Quick visual reference of manpower allocation **per day** & **per PS**.

Example Chart 1 – Daily Deployment Across Nashik

- X-axis = Dates (25 Aug – 8 Sep)

- Y-axis = Number of personnel

- Bars = Different colors for Officers, Constables, Home Guards, SRPF

Example Chart 2 – PS-Wise Force Strength on Visarjan Day

- X-axis = PS names

- Y-axis = Total force deployed

- Highlight top 5 PS with highest deployment

10.6 Communication & Control Room Flow Diagram

Purpose:

- Show the **reporting hierarchy** & data flow.

- Ensures no communication gaps during peak crowd.

Diagram Elements:

- CP HQ → DCP (Zone) → ACP (Division) → PI (PS) → PSI (Micro-Zone) → Constables

- Icons for Control Room, Drone Feed, CCTV, Wireless Sets

10.7 Emergency Response Overlay Maps

Purpose:

- Show locations of **ambulances, fire tenders, QRT bases, and rescue boats**.

- Helps in **incident response coordination**.

Details in Map:

- 🚑 Ambulance Points
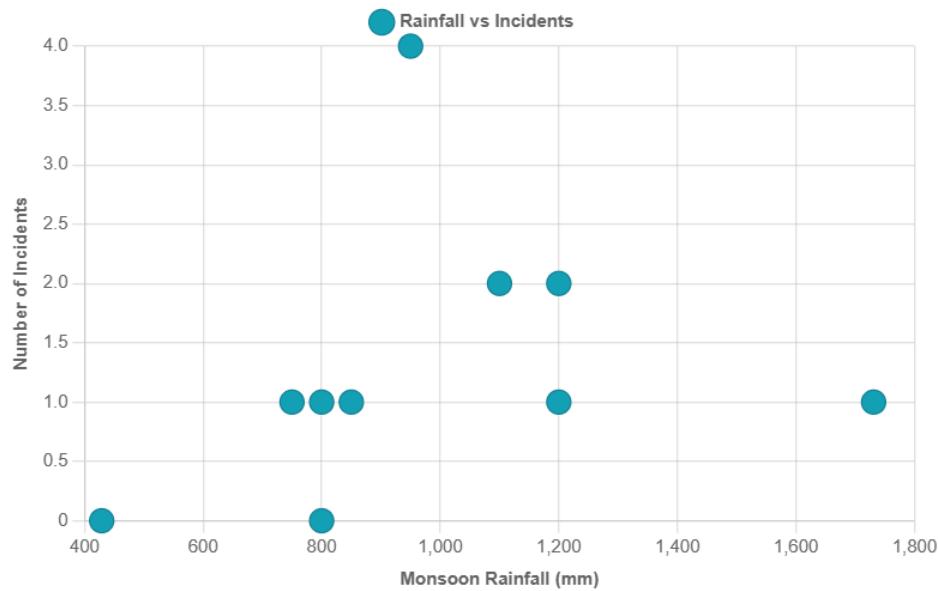

- 🚒 Fire Tenders

- 🚨 QRT Locations

- 🛶 Rescue Boats (at ghats)

- ☎ Emergency Coordination Booths

## 10.8 Visuals Section Usage in Report

- Place **full-page visuals** after each major section (Deployment, Routes, Ghat Management).

- Keep **separate appendix** with **all visual maps together** for quick reference in the control room.

- Export maps both in **printable PDF** and **interactive Google My Maps** format.

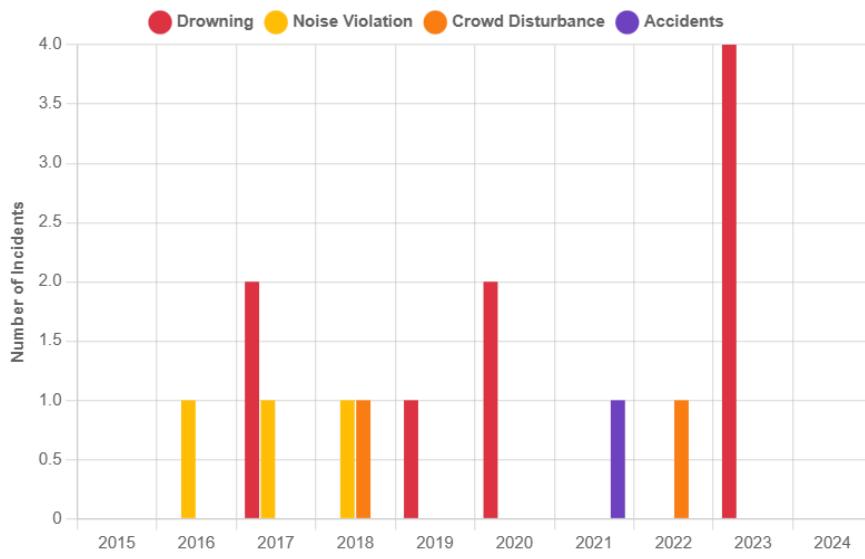

🏛 **Nashik Ganpati Festival 2025**
Comprehensive Analysis & Bandobast Planning Dashboard

📅 **Festival Period: August 27, 2025 - September 7, 2025 (12 Days) | ⚠ Eid Overlap: September 5, 2025**

| **790**
Total Public Mandals (2025 Est.) | **125,389**
Household Ganpatis (City-wide) | **22.94L**
City Population (2024) | **15**
Total Incidents (2015-2024) | **1,500+**
Total Personnel Required | **21/31**
Flood Vulnerable Wards |

📅 **Ganpati 2025 - Day-wise Event Timeline**

August 27 (Wed)
Ganesh Sthapana
Muhurat: 11:06 AM - 1:40 PM
Peak installations expected

August 28-30
Installation Period
Daily crowds: 100-400 people
Continuous monitoring required

August 31 (Sun)
Gauri Agman
5-Day Visarjan begins
First immersion wave

September 1 (Mon)
Gauri Pujan
Special prayers and festivities
Medium crowd expected

September 2 (Tue)
Gauri Visarjan
7-Day Ganpati Visarjan
High crowd alert

September 5 (Fri)
Eid-E-Milad
Critical coordination day
⚠ *Communal sensitivity*

September 7 (Sun)
Anant Chaturdashi
Final Major Immersion
⚠ *Peak crowds: 15,000+ people*

🌧 Rainfall vs Incident Correlation

👮 Police Personnel Deployment Structure

Male Constables   Officers (PI/PSI/ASI)   Female Constables   Home Guards   Special Units
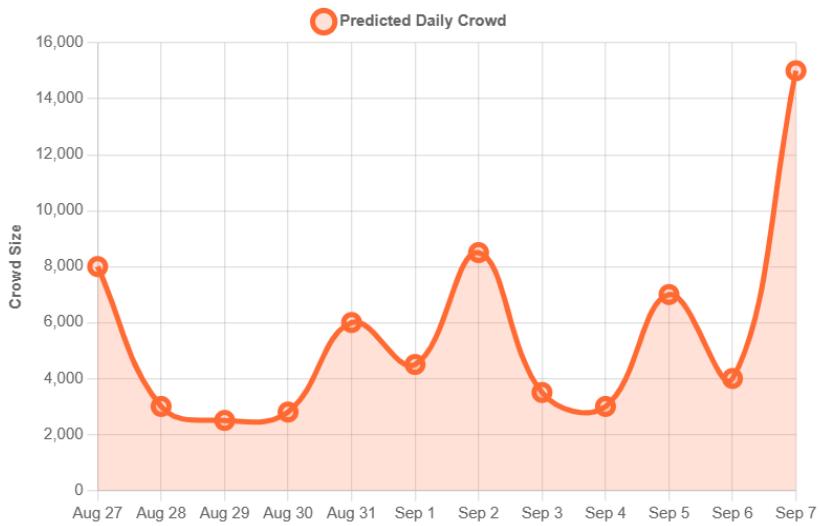

# 📈 Historical Mandal & Household Trends (2015-2024)

🚨 Incident Analysis by Type & Year

📊 2025 Daily Crowd Predictions

🗺️ Police Station-wise Risk Assessment

🎯 Zone-wise Resource Deployment Matrix

Police Station	Division	Risk Level	Police Personnel	Home Guards	Special Units	Peak Day Requirement
Panchavati PS	Central	Very High	150-200	80-100	QRT, RCP	Anant Chaturdashi
Bhadrakali PS	Central	Very High	120-150	60-80	SRPF, Striking Force	Anant Chaturdashi
Nashik Road PS	East	High	80-120	40-60	QRT	September 2, 7
Gangapur PS	North	Medium	60-80	30-40	Local Reserve	Immersion Days
Upnagar PS	North	Medium	40-60	20-30	Patrol Units	September 2

🔮 2025 Predictions & Risk Alerts

⚠️ **HIGH RISK - September 7**
Anant Chaturdashi coincides with Sunday
Expected: 15,000+ people at Godaghat

🔶 **MEDIUM RISK - September 5**
Eid-E-Milad overlap requires coordination
Communal sensitivity alert

🌧️ **WEATHER RISK**
Monsoon period: High flood probability
Dam discharge monitoring critical

✅ **PREPAREDNESS**
1,500+ personnel deployment ready
Communication systems upgraded
